U.S. AIR FORCE AND NAVY FIGHTERS FOR YOUR COLLECTION

clear plastic canopies • life-like crewmen
official decals • rivet and plate detail

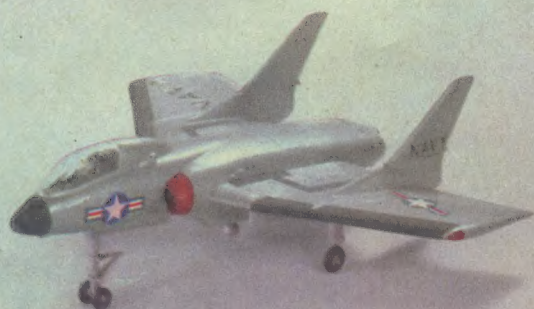

H-210 Lockheed F94C Starfire Interceptor 79¢

ROCKET-ARMED RADAR JET! Special radar equipment allows the rocket-firing Starfire to make an attack without the crew ever seeing the target. Revell's model has detailed air intake scoops, landing gear with doors, clear plastic canopy and crew figures. Wingspan: 8½".

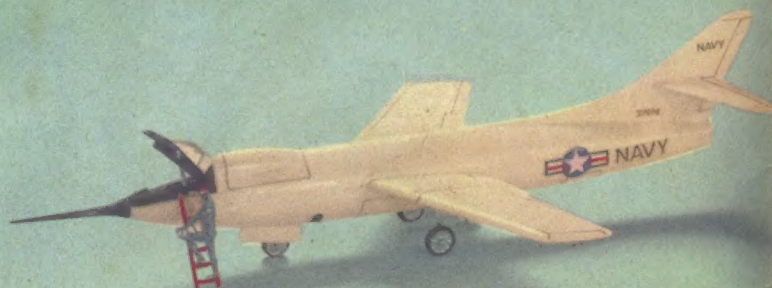

H-212 Grumman F9F-8 Cougar 79¢

CARRIER-BASED FIGHTER! A standout in plane kit collections is this fine replica of the sleek Navy fighter that can streak from a carrier's deck to 40,000 feet in just seven minutes. Features carefully duplicated "air flow" fences, clear canopy, pilot figure. Swept wingspan: 8".

H-211 Chance Vought F7U-3 Cutlass 89¢

TWIN-JET FIGHTER! All the features of this great Navy plane are exactly reproduced on the Revell model—including radar mast, air scoops and extra-high nose wheel for quick carrier take-offs. Doors can be cemented open or closed. Clear canopy and pilot figure are included. Swept wingspan: 8".

H-213 Douglas D-558-2 Skyrocket 79¢

REVOLUTIONARY ROCKET PLANE! Designed for speed and powered by a mighty rocket engine—this record-smashing experimental jet is a favorite with model kit builders. Its revolutionary shape is perfectly molded by Revell in gleaming silver plastic, with needle nose, optional position canopy, test pilot. Swept wingspan: 5¾".

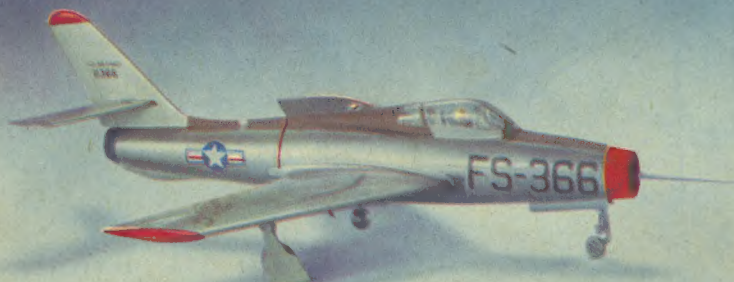

H-221 Northrop Scorpion F-89D Interceptor 89¢

DEADLY SCORPION! Packed with 104 rockets—capable of destroying enemy bombers in a dense fog—this unique fighter is duplicated for your collection in every detail of its unusual "scorpion" design. New 4-piece canopy, jet engines, tanks, rocket pods, landing gear and flaps, and crew figures are special features. 8¾" wingspan.

H-215 Republic F84F Thunderstreak 79¢

TOP-SECRET PERFORMANCE! Revell has created a rivet-perfect reproduction of this USAF high-speed fighter-bomber. Model duplicates the Thunderstreak's new faired-back canopy, needle nose, jet intake cowl, complete landing gear. Pilot and decals are included. Swept wingspan: 7½".

H-232 Douglas Skyhawk A4D 89¢

MIGHTY MIDGET! This atom-bomb-carrying Navy jet can fly faster over greater distances with a more powerful striking load than any airplane of its type. Revell's 8¾" model duplicates every design detail of the original, includes a realistic pilot figure, full plate definition and authentic Navy markings and insignia.

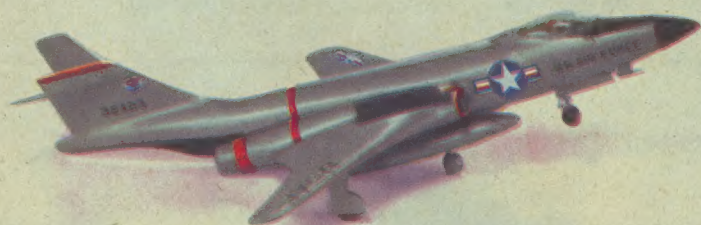

H-222 Bell P-39 Airacobra 89¢

HISTORIC FIGHTER! Veteran of W.W. II air battles, this single-seat prop job is re-created for plane enthusiasts in one of Revell's most exciting kits. Model has a hub-mounted 37 mm. cannon, tricycle undercarriage, optional position pilot's door and 2 realistic figures. Wingspan is 9".

H-233 Convair F-102A 89¢

AROUND THE CLOCK INTERCEPTOR! One of the most advanced planes to come off the drawing boards, this supersonic all-weather interceptor is a must for any collection of today's great jets. Delta wings, "wasp waist" design, pilot, USAF insignia and markings are all perfectly reproduced in the model. 6" wingspan.

H-231 McDonnell Voodoo F-101A 89¢

WORLD RECORD HOLDER! Rocketing across the sky at speeds over 1200 mph, the twin-jet Voodoo last year set a new world's speed record. Revell's sleek silver model of the Voodoo is fully detailed with 3 auxiliary gas tanks, 2 engine housings, landing gear and flaps and many other extra features including pilot figure. Swept wingspan: 6¾".

H-236 North American F-100C Super Sabre 89¢

SUPersonic SABRE! The plane that set an official world speed record of 822 mph in level flight. Revell's authentic model duplicates auxiliary gas tank, landing gear, motor intake ring, rudder, exhaust cone, pilot. Wingspan: 6½".

S-8180 Starburst Mobile Plane Display \$1.98

SHOWS 15 PLANES IN THE AIR! Here's a spectacular display that shows your plane collection in the air—and in one place! Made of bright plated metal, the 24" Starburst hangs in the air—stands on a table or dresser.

EASY TO USE

EASY TO SET UP

H-249 Grumman F11F-1 Tiger 89¢
MISSILE-FIRING ATTACK JET! Armed with latest missiles, this jet has unique "wasp waist" fuselage and single-sheet wing construction. 9½" model features optional-position wingtips, landing hooks, Navy insignia.

H-259 Douglas X-3 Stiletto 89¢
SPECTACULAR RESEARCH JET! This terrific kit contains a complete hangar scene: 10-piece towtractor with driver, movable wheels and towbar, plus the 12¼" plane model with green canopy, movable wheels, pilot.

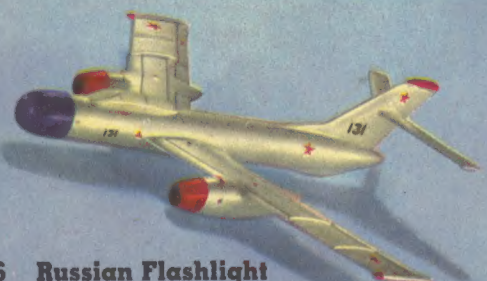

**H-250 Chance Vought F8U-1
Crusader 89¢**
SWEPT-WING CARRIER PLANE! Streaking over the California desert, the Crusader became the first operationally equipped plane to exceed 1000 mph! 9½" model has folding wingtips, ladder, pilot, plastic canopy.

**H-285 Republic F-105B
Thunderchief 89¢**
LATEST "CENTURY" FIGHTER! One of the USAF's newest and fastest fighters, the Thunderchief makes a great action model with retractable refueling boom, movable canopy, pilot and snap-fit movable wheels. 10½".

**H-251 Lockheed F-104
Starfighter 89¢**
MISSILE WITH A MAN IN IT! Long acknowledged to be the world's fastest combat plane, the famous Starfighter is re-created in a 10¾" silver model with pilot figure, clear canopy and USAF insignia.

**H-296 Russian Flashlight
YAK-25 98¢**
RUSSIAN RADAR JET! Here's Revell's authentic model of a top Soviet fighter. It has realistically moving ailerons, landing flaps, rudder, elevators and wheels, plus 3 crew figures, Russian insignia. 10¾".

AVAILABLE LATE FALL 1958

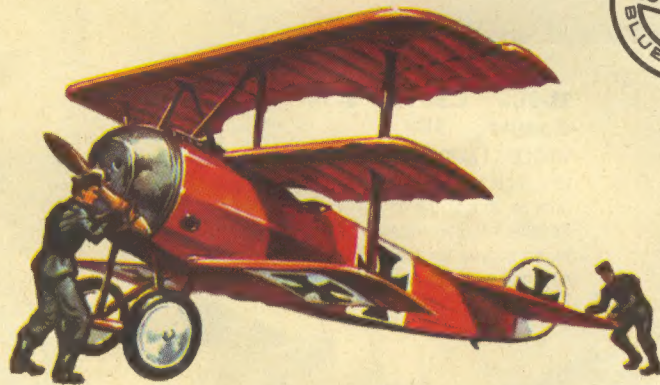

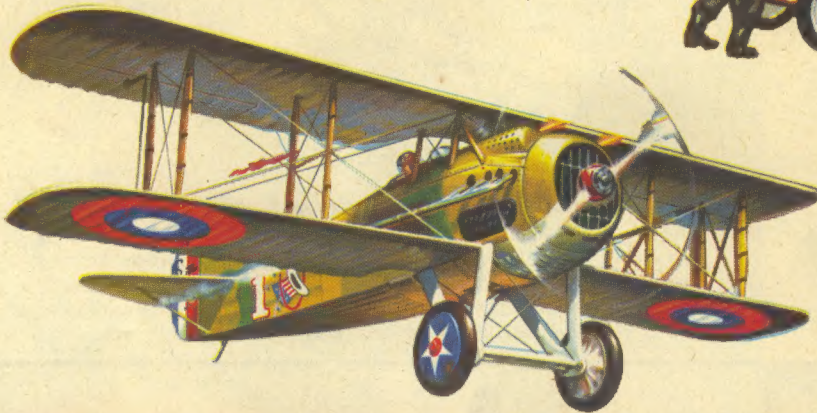

BIG COLORFUL WORLD WAR I FIGHTERS

Large-scale models with complete engine assemblies, movable and removable parts!

H-256 Spad \$1.98

LARGE-SCALE WORLD WAR I FIGHTER! Reproduced in new larger scale from a rare set of original drawings, Revell's Spad is a museum-perfect replica of Eddie Rickenbacker's historic biplane. The model's many action features include movable prop and landing wheels, engine cowl that can be lifted to show carefully duplicated engine assembly, plus complete cockpit detail and authentic decals. Wingspan: 11 $\frac{3}{4}$ ".

H-270 Fokker DR-1 Triplane \$1.98

HISTORIC GERMAN TRIPLANE! Another in Revell's exciting new line of large scale World War I fighters! Action designed with plenty of moving parts, the Fokker has a cowl that lifts to show detailed rotary engine which actually turns with the propeller—landing wheels and control stick move, too! Remarkable detail includes simulated canvas finish, strut wires and figures of pilot and 2 mechanics. Wingspan: 10 $\frac{1}{4}$ ".

You're the Engineer of this

GIANT JET THAT WORKS!

snaps together • comes apart •
features 14 different airstrip accessories!

H-282 Convair F-102A Delta Dagger \$2.98

GIANT JET MODEL THAT WORKS! Here's a completely new kind of kit—a giant operating model—molded in 3 colors—unbelievably detailed! Special plastic linkage lets landing gear down when pilot's canopy is opened, has similar closing action. Elevons and rudders move, drag chute housing opens. Detailed jet engine can be removed and placed on servicing stand. 14 separate airstrip accessories complete the kit. Length: 15 $\frac{3}{4}$ "!

POWERFUL REVELL BOMBERS

H-205 Convair B-36 Bomber 98¢

WORLD'S LARGEST COMBAT PLANE! Over 162' long, this giant bomber is supported by wings that would take up almost the entire length of a football field! Revell's precision-scaled model features finely detailed engine housings, gun blisters, plastic window and clear dome. Wingspan: 15"

Build them all—the prop-powered veterans of World War II and the long-range jets of today!

H-208 Boeing B-29 Superfortress Bomber 98¢

VICTORY IN THE PACIFIC! From their first raid over Japan in 1944 until the last atom bomb was dropped in Nagasaki, the B-29 Superfortress Bombers made history. Revell's exact scale model of the B-29 details rear gunner's window, tail gun, turrets, observation blister, props and clear nose canopy with 3 realistic crew figures. 14" wingspan.

H-206 Boeing B-47 Stratojet Bomber 98¢

FIRST OPERATIONAL JET BOMBER! Boeing's swept-wing jet has been re-created by Revell's skilled model makers in a remarkably authentic hobby kit. Engine housings, engine nose caps, radar dome, plastic windows and clear canopy are all carefully scaled from official blueprints of the B-47. Swept wingspan is 12".

H-216 Mitchell Bomber B-25 98¢

TOKYO RAIDERS! "Billy Mitchell" Medium Bombers participated in the first devastating U.S. raid on Tokyo from the "Shangri-La" carrier, U.S.S. Hornet. Precision details of Revell's model include twin gun turret blisters, observation blister, landing gear, transparent nose section with figure of gunner manning a machine gun, flight deck with crew figures. Wingspan: 12 1/4"

H-207 Boeing B-52 Stratofortress Bomber 98¢

AROUND THE WORLD! Early in 1957 a trio of B-52's circled the earth in a non-stop flight that made aviation history. Re-fueling in the air, these enormous bombers covered over 24,000 miles in 45 hours and 19 minutes. Revell's B-52 model is a dramatic scale replica with detailed jet pods, wing tanks, and clear nose and tail section canopies. Swept wingspan: 13"

H-218 Liberator Bomber B-24J 98¢

LONG RANGE LIBERATOR! The B-24J was widely used in W.W. II for heavy bombing raids in Europe and the South Pacific. The Revell Liberator model has four engines, 4 gun turret blisters, an observation blister, detailed landing gear, bombardier and pilot canopies with flight deck and crew figures. Wingspan: 14 1/4"

H-230 Martin B-57B 98¢

VERSATILE JET! A favorite of Air Force bomber pilots, the B-57B was developed from a British design to become one of the world's most effective fighting aircraft! Authentic Revell model is equipped with 8 rockets, 8 machine guns and 4 bombs—has realistic pilot figure in clear plastic canopy. Wingspan: 9¾".

H-241 Douglas A3D Skywarrior 98¢

VERSATILE NAVY BOMBER! Most powerful carrier-based plane ever built, the Douglas Skywarrior has a headline-studded history that will make it especially interesting to own. Revell's perfect 10½" long model has folding wings and tail, clear nose canopy, figures of pilot, co-pilot and radio operator.

H-235 Russian Bison Bomber 98¢

RUSSIA'S JET THREAT! So authentic that it's used for ground spotter training, Revell's exciting Bison model has been a favorite with kit builders! The 12¾" swept-wing model is accurately detailed from all available technical information about the big Russian jet—a bomber that performs about the same as our B-52, using four less engines! Features clear canopy, navigation bubbles and authentic U.S.S.R. insignia.

H-252 Convair B-58 Hustler 98¢

1500-MILE-AN-HOUR BOMBER! Revell's 11¾" replica of America's fastest bomber is packed with exciting features! Each of the 3 cockpit canopies is hinged and lifts to show crew figures and detailed interiors. Each of the 16 landing wheels actually moves. Every detail on the fuselage, armament pod, delta wings and engine housings is remarkably reproduced, right down to the rivets!

REVELL HELICOPTERS

3 Spectacular Whirlybirds You Can Build Yourself!

H-223 Piasecki YH-16A Transporter Helicopter 98¢

GIGANTIC TROOP CARRIER! World's largest transport helicopter, the Piasecki YH-16A carries 40 troops, is 134 feet long. Revell's model, with every detail of the original, has crew figures and 10¾" rotorspan.

H-214 Sikorsky S-55 Helicopter 89¢

VERSATILE 'COPTER! As dramatic looking as the prototype, Revell's S-55 model has complete engine assembly, clear windows, detailed instrument panel, control sticks and crewmen. Rotorspan 13".

H-227 Air Sea Rescue Helicopter 98¢

RESCUE AT SEA! Spectacular scale replica is caught in rescue action with figure being pulled into the copter. Model has fully scaled engine, hoist, 2 floats with wheels, crew figures. 13" rotorspan.

**H-287 Boeing KC-135
Jet Tanker 98¢**

AIRBORNE REFUELING! With a plane-to-plane fuel boom operated from under the fuselage, the KC-135 is built to accomplish the precision operation of air-to-air refueling. 12 $\frac{1}{2}$ " replica has realistic refueling boom that moves, plus detailed portholes, doors, and antenna.

H-238 Convair Tradewind R3Y-2 98¢

FLYING "LST!" The largest flying boat ever built by Convair is reproduced in a 10 $\frac{1}{2}$ " model that features hinged nose door with loading ramp, and 8 moving propellers, 4 spinning conventionally and 4 in contra-rotation.

H-247 Lockheed Hercules C-130 98¢

AERIAL WORKHORSE! Revell's Hercules kit contains a special loading scene with colorful gas truck, crew figure and mobile generator. Model itself has movable props and boarding ramp, plus cargo doors that open to show inner detail. Wingspan: 11 $\frac{1}{4}$ ".

H-239 Lockheed Neptune P2V-7 98¢

SUB-SEEKING PATROL PLANE! Latest radar and search instruments make the Neptune a valuable link in U.S. patrol and defense operations. 11 $\frac{3}{4}$ " model duplicates twin engine housings with movable propellers, turret guns, plastic nose canopy, crew figures.

H-258 Martin Mariner PBM-5 98¢

W.W. II BATTLE VETERAN! This colorful new seaplane model is designed with moving props and swiveling gun turrets. Detailed passenger and cargo doors, and bomb bays can be placed in open or closed position. Rivet detailed model has a 12" wingspan.

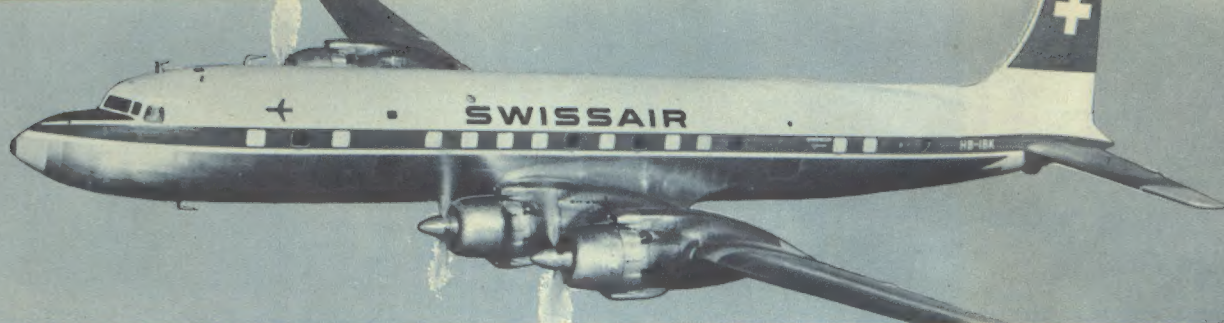

H-244 Martin Seamaster 98¢

REVOLUTIONARY NEW DESIGN! Molded with precision skill is Revell's reproduction of the new Martin Seamaster, built for the Navy as a minelayer and photo-reconnaissance aircraft. Model duplicates Seamaster's motor housings and rudder, elevators, stabilizer, radar dome, floats and Pitot tube. 11 $\frac{1}{2}$ " long.

H-279 Lockheed WV-2 Radar Picket Plane 98¢

ROUND-THE-CLOCK PATROL PLANE! These rugged planes maintain a constant flying radar network, always on the watch for air attack. Large radar domes are exactly duplicated on the 10 $\frac{1}{2}$ " model, which features optional-position door and movable wheels.

MODERN AIRLINERS

A colorful group that includes the latest jet and propjet passenger planes!

H-219 American Airlines DC-7 Transport 98¢

PRIDE OF AMERICAN! The Douglas DC-7 was the first commercial airliner to regularly fly non-stop coast-to-coast across the United States. Revell model has complete landing gear, radar antenna, optional-position passenger door, pilot figure and colorful American Airlines decals. 11¼" wingspan.

H-255 American Airlines Lockheed Electra 98¢

TURBO-PROP AIRLINER! Lockheed's new turbo-prop powered passenger plane is one of the latest innovations in modern air travel. The 11½" replica is designed with full window and rivet detail, engraved control surfaces, movable props and 2 optional-position loading doors. American Airlines decals are included.

H-245 Eastern Airlines Super-G Constellation 98¢

LUXURY IN THE SKY! Eastern Airlines' passengers travel in luxury aboard the Lockheed Super G Constellation which cruises along at a smooth 327 mph. Revell's model of the big Connie has detailed landing gear, separate passenger door, pilot figure and authentic decals. Wingspan: 11½".

H-267 Swissair DC-7C 98¢

"SEVEN SEAS!" Because of its top performance, the DC-7C has been adopted by Swissair for transcontinental passenger service connecting the U.S., South America, Europe and the Orient. Revell's precision model has a wingspan of 12¾" and remarkable detail throughout, with authentic Swissair decals.

H-246 American Airlines Boeing 707 98¢

JET-POWERED PASSENGER PLANE! Designed to cruise at speeds around 500 mph, this big transport is the first all-jet commercial airliner built for use in the U.S. Revell's new model duplicates its four jet engine housings and features window detail, optional-position landing gear doors, engraved wing controls, American Airlines decals, 11½" wingspan.

H-297 Fairchild F-27 Propjet Transport 98¢

FIRST OF ITS KIND! Fairchild's F-27 Propjet is one of the first turbine-powered transports to enter airline service. Like the F-27, Revell's model has unusually high wings which provide an unobstructed view from every window. Moving parts include props, wheels, flaps, rudder and tail control. Wingspan: 12¾". AVAILABLE LATE FALL 1958.

NOW—Start Building
a Collection of...

MISSILES & ROCKETS BY REVELL

The year's most exciting news for model builders is Revell's big new collection of rocket-age hobby kits!

Huge multi-stage rockets that thunder toward outer space—complex guided missiles that can pinpoint attacking planes with unerring accuracy—powerful long-range missiles—they're all scaled for your collection by

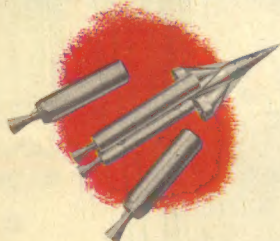

Revell from official, manufacturer's blueprints. And, best of all, Revell has packed each kit with realistic moving parts so that you can have fun demonstrating your models long after you've finished assembling them!

3-STAGE ROCKET TO THE MOON!

Fabulous new kit comes apart • snaps together • has complete interior detail!

**H-1800 XSL-01 Manned
Space Ship \$1.98**

3-STAGE ROCKET TO THE MOON! Timely as today's headlines, Revell's authentic scientist-designed XSL-01 space ship is the only space kit with complete interior detail! Finished model can actually be taken apart to demonstrate principles of space flight! Molded in 3 colors—equipped with an elaborate launching platform, swiveling rocket motors, movable landing skid and dozens of other unusual design features—Revell's XSL-01 is the most exciting and colorful kit you've ever seen!

REMOVABLE FIRST STAGE!

REMOVABLE SECOND STAGE!

DETAILED THIRD STAGE INTERIOR!

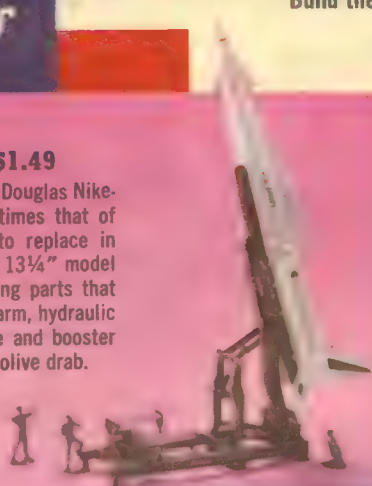

BE A MISSILE EXPERT!

Build them from the world's largest collection of completely authentic missile kits!

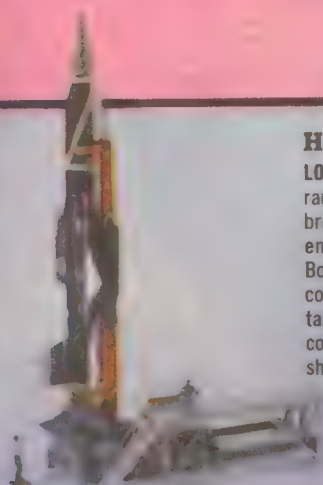

H-1804 Nike-Hercules \$1.49

NEW DEFENSE WEAPON! The 2000-mph Douglas Nike-Hercules has a striking range three times that of the Nike-Ajax, which it is destined to replace in America's air defense system. Revell's 13 1/4" model of the missile and launcher has moving parts that allow realistic action of the launcher arm, hydraulic cylinder and control surfaces. Missile and booster snap apart. Kit is molded in white and olive drab.

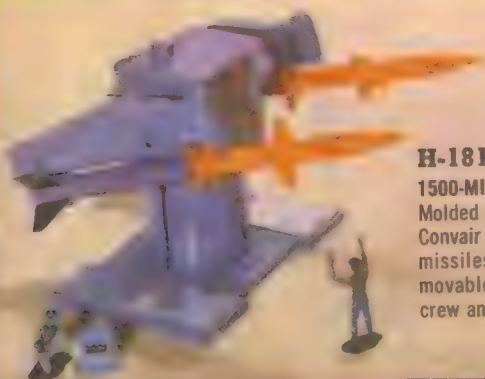

H-1806 Bomarc I.M.-99 \$1.49

LONG-RANGE DEFENDER! Powered by thundering ramjet engines—guided by a complex electronic brain—the Bomarc is a deadly defender against enemy attack. Revell's 10" model of Boeing's Bomarc is a masterpiece of detail, with movable control surfaces, movable launching ramp, detailed hydraulic cylinder that elevates the missile, control panel, tool box, ladder, lockers, deflection shield and two crew figures.

H-1813 Terrier 98¢

1500-MILE-AN-HOUR INTERCEPTOR! Molded in olive drab and white, the Convair Terrier kit has two 8 7/8" missiles with separate booster, movable fins, movable launcher, crew and control box.

H-1808 Talos 79¢

ANTI-AIRCRAFT MISSILE! Capable of streaking towards enemy planes at over 2000 mph, the Bendix Talos is important to Navy defense. 2-color kit has 8 7/8" missile with movable fins, movable launcher arm, piston and cylinder action, control box and figures.

H-1820 Corporal 98¢

STATIONED IN EUROPE! Actually in use with U.S. Army battalions in Europe, this modern liquid-propellant missile can carry conventional or nuclear warheads to ground targets at a range of over 75 miles. Revell's model of the Firestone missile stands over 15 1/4" high on its special launching platform. Wheels turn on the model—braces and support arms move from towing to launching position. Tracking station and 3 crewmen included in the kit.

H-1801 Snark S-M-62 89¢

INTERCONTINENTAL MISSILE! The sleek red USAF Snark can travel 5000 miles from U.S. bases to any point of the globe. 10" model of the Northrop guided missile has launching platform, moving ramp, ladders, tank and figures.

MORE REVELL MISSILES WITH ACTUAL MOVING PARTS!

H-1817 Hawk \$1.29

AIR DEFENSE! The Hawk was developed by Raytheon and Northrop for defense against low-altitude bombardment. 3-color kit contains 3 5" missiles, crew, launching vehicle and mobile radar unit. Many realistically moving parts include launcher unit, 3 launcher arms, piston, cylinder, radar scope, wheels, doors and ground supports.

AVAILABLE LATE FALL 1958

H-1814 Aerobee-Hi Research Rocket 98¢

IGY RESEARCH ROCKET! Reaching higher into space than any other single-stage boosted rocket, Aerojet-General's Aerobee-Hi is essential in high altitude studies of the International Geophysical Year. 9 5/8" model has launching trailer, movable wheels and tow bar, rotating wheel assembly, cylinder and piston action that raises firing arm, and crew figures.

H-1816 Lacrosse with Mobile Launcher \$1.69

MOBILE ARTILLERY MISSILE! These perfect replicas of the Martin Lacrosse and 2 1/2-ton launching truck are in scale with all Revell combat models. Moving parts include launcher arm mechanism, tail fins, truck and storage doors, 11 wheels, cab roof and ladders. Clear windshields and decals included.

H-1815 Regulus II 79¢

1000-MILE STRIKING POWER! Designed for launching from subs and other ships, the Chance Vought Regulus II is reproduced with special landing gear which aid in recovering the missile on test flights. 11 1/2" model has movable control surfaces and wheels, Navy decals, displayer.

H-1810 X-17 79¢

ROCKETING BACK FROM SPACE!

Revell's gleaming white foot-long X-17 is an exact model of a Lockheed missile built to test re-entry into the earth's atmosphere. The model's 3 stages come apart and snap together. Complete launching scene in the 2-color kit includes 3 crew figures, tracking scope that swivels and elevates and a finely reproduced launching platform and USAF decals.

H-1812 U.S. Army Tactical Missiles Set 98¢

2 POWERFUL ARTILLERY WEAPONS!

The U.S. Army's Dart and Little John are together in an exciting 2-color kit that's in scale with Revell combat models. Set includes one Little John, movable launcher, 4 Darts with stands, missile racks, guidance scope and crew.

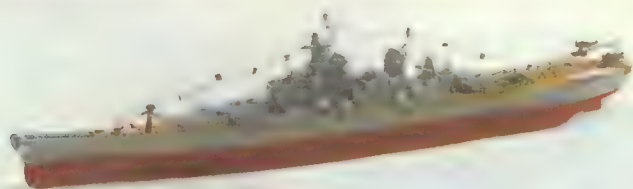

BUILD SHIPS FROM THE WORLD'S BIGGEST MODEL FLEET!

OWN A TASK FORCE OF FIGHTING U.S. NAVY SHIPS!

Specially Designed
Display Stand
In Each Kit!

H-301 Battleship U.S.S. Missouri \$1.98

PRIDE OF THE FLEET! The "Big Mo" is famous for its vital role in World War II, climaxed by the signing of Pacific Peace Treaties upon its deck. 20" scale model carries 13 gun turrets, 20 anti-aircraft guns, radar screen, cranes and catapults for 2 Navy airplanes.

H-307 Aircraft Carrier Franklin D. Roosevelt \$2.49

CVB CARRIER! The U.S.S. Franklin D. Roosevelt was one of three huge CVB class carriers built for the defense of the nation. Revell's impressive 21½" model carries 24 Navy planes, 2 helicopters, has complete superstructure, radar equipment, armaments and flag sheets.

H-304 Patrol Torpedo Boat 98¢

HERO OF THE PHILIPPINES! During World War II, PT boats scored many victories against enemy craft in the Pacific. Revell's 9" model, bristling with torpedoes and guns, has fully detailed radar equipment, mast, searchlight, wheel, lights, rudder, drive shaft and screws.

H-308 Guided Missile Submarine U.S.S. Nautilus 89¢

ATOMIC SUB! Revell's 13" model of the famous guided missile carrying, nuclear-powered submarine is a dramatic reproduction with detailed propellers, fins, periscope bar, hatch covers, missiles, catapult and six torpedoes. Nameplate stand included.

H-305 Destroyer U.S.S. The Sullivans \$1.29

SYMBOL OF HEROISM! This mighty destroyer was named for the five famed Sullivan brothers who died at Guadalcanal in 1942. 15" model has complete superstructure detail, including radar screen, searchlights, lifeboats, torpedo tube battery, 5 gun turrets, and 40 mm. and 20 mm. guns.

H-316 Battleship U.S.S. New Jersey \$1.98

LONG SERVICE RECORD! In 1944 the "Big Jay" joined the Pacific fleet, and saw further action during the Korean war. Full armaments and superstructure are duplicated on Revell's 19½" model, as well as radar screen, 2 copters and crane. Camouflaging directions included in kit.

MORE BLUEPRINT-PERFECT NAVY SHIPS

H-306 Cruiser, Baltimore Class \$1.69

HOMETOWN HEAVY CRUISER! For the Navy's important jobs the Heavy Cruiser is indispensable. Revell's replica of the Baltimore class cruiser has full gun armaments, detailed superstructure, catapult and crane for launching the seaplane. Kit includes decal nameplate of fourteen cities with cruiser "namesakes." Over-all length: 17".

H-320 U.S.S. Haven Hospital Ship \$1.69

ANGEL OF MERCY! Launched in 1945, the Haven saw heavy duty during the Korean war, evacuating and caring for our troops. Revell's 12¾" model of this Hospital Ship features fully detailed superstructure, decks, rudder and propeller, full hull and keel, plus miniature helicopter on deck.

H-329 Attack Transport U.S.S. Randall \$1.69

ATTACK FROM THE SEA! Carrying 1560 troops and 3000 tons of war stores, the Randall was used for water-borne assaults during the Korean war. Scaled to 14½" with detailed hull, five decks, ladders, searchlight and gun platforms, masts, booms, king posts, 22 landing boats.

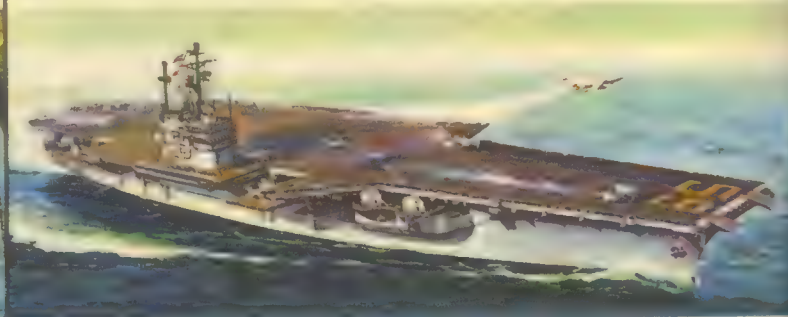

H-362 U.S.S. Pine Island Aircraft Tender AV-12 \$1.69

SEA-GOING PLANE BASE! To give seaplanes a complete and easily accessible service center, this Navy tender was developed, carrying such special equipment as a derrick for lifting the big planes onto the deck. The derrick is perfectly scaled and modeled to move realistically on Revell's 14¾" model. Launches, boats, jeeps, guns, etc., are also finely detailed.

H-334 Guided Missile Cruiser U.S.S. Boston \$1.69

NEW AS TOMORROW! Late in 1955 the modified U.S.S. Boston was launched as the first guided missile cruiser in U.S. Navy history! Two Terrier launchers and guidance directors with four missiles are duplicated in Revell's 17" model. Superstructure is detailed with gun turret batteries, radar equipment and radio antenna.

H-339 Aircraft Carrier U.S.S. Forrestal \$2.98

MIGHTY SUPER CARRIER! The U.S.S. Forrestal was the first new American carrier to feature "angled" flight-deck for unobstructed plane take-offs. Revell's 22½" model is molded in 2 colors, has movable elevators, cranes and booms, towtrucks, jeeps, helicopters and 16 real navy jet planes on deck.

H-348 Battleship U.S.S. Arizona \$1.98

ATTACK ON PEARL HARBOR! Swiveling gun turrets, elevating gun barrels, heavy plate detail, boat cranes that move in realistic action—these distinguish Revell's new 17" model of the U.S.S. Arizona. Sunk at Pearl Harbor and now a national shrine, the Arizona has historical significance that will make Revell's model particularly attractive to collectors.

H-352 Destroyer U.S.S. Forrest Sherman \$1.69

U.S. NAVY'S NEW DESTROYER! One of the newest ships afloat, the Forrest Sherman is now reproduced in a beautifully detailed 15 1/4" model. Turret and anti-aircraft guns move on the model—some of the minute details perfectly duplicated by Revell include bits, winches, ladders, boat boom, screw guards, deck plating, and twin torpedo tubes.

UNITED STATES COAST GUARD VESSELS

H-337 U.S. Coast Guard Ice-Breaker Eastwind \$1.49

ACTION IN ICY WATERS! Special equipment allows the Eastwind to carry out assignments in frigid northern zones. High-speed pumps can move tons of sea water from port to starboard in a rocking motion that breaks the ice-barrier. The 11 1/4" scale model has movable cranes and detailed radar equipment, carries helicopter and captain's power launch on deck.

H-338 U.S. Coast Guard Cutter Campbell \$1.49

TO THE RESCUE! The first Coast Guard ship to sink an enemy sub in W.W. II, and in peacetime one of the first ships to reach the stricken Italian liner Andrea Doria. Now fully reproduced right down to the life boats—in a 13" model with 6 depth charges "Y-guns," 2 stern launchers, flag sheet, rigging, armaments and radar installation.

H-353 Aircraft Carrier U.S.S. Essex \$2.49

15 YEARS OF BRAVERY IN ACTION! Only Revell could make it so real—packed from stem to stern with authentic details like moving elevators and cranes, detailed crash barrier on angled flight-deck, 17 stainless steel whip antennas, 6 tow tractors, 27 separate planes, crane truck and motor launch. Length: 20".

H-355 Destroyer Escort U.S.S. Buckley \$1.69

"STAND BY TO REPEL BOARDERS!" This ancient naval command echoed over the decks of the Buckley after it rammed a Nazi sub in W.W. II. The U-boat's crew swarmed over the bow to engage in fierce hand-to-hand fighting that ended in victory for the Buckley. The 14 1/4" model is an exciting replica with swiveling guns and torpedo tubes, finely detailed whale boats, life rafts, anchors, chain, etc.

Authentic Kits

MARITIME SHIPS BY REVELL

The whole family will enjoy your collection of the ships that steam into America's harbors laden with passengers and goods from far-off ports.

H-315 Matson Freighter Hawaiian Pilot \$1.69

CALIFORNIA TO HAWAII! The famous cargo-carrying Matson freighter is scaled to 15" with main deck, 4 upper decks with stanchions, masts, cargo booms, 14 ladders, radar screen and rudder.

H-314 Tugboat Long Beach \$1.29

HARBOR MAN-OF-ALL WORK! Colorful 9" model of a powerful tugboat that moves heavy freighters and liners through busy port traffic. Detailed superstructure, decks, rope bumpers and crew.

H-312 S.S. United States Ocean Liner \$1.98

FASTEST IN THE WORLD! On her maiden voyage, this liner set a new trans-Atlantic record. Revell's exciting 20" model has such realistic details as 24 life boats, cargo booms and flags.

H-322 Oil Tanker J. L. Hanna \$1.69

T-2 CLASS TANKER! The J. L. Hanna is part of Standard Oil's tanker fleet plying the oceans of the world. Revell's replica is a wonderful kit to build, with smallest details finely reproduced. Length: 15 1/4".

H-302 Chris-Craft Cruiser 98¢

SLEEK BEAUTY! America's favorite deep-sea fishing pleasure boat is reproduced in a handsome 9 1/4" model with finely detailed instrument housing, windshield, steering wheel, flags, handrail, shaft bearings, rudders and screws. 3 figures are included.

H-346 Moore-McCormack S.S. Brasil \$1.98

MODERN LUXURY LINER! Revell's 18 1/2" replica of this new ocean liner is the first ship model to feature outside stabilizers. King posts and cargo booms actually move—kit includes 2 swimming pools with guard rails and realistic water surfaces.

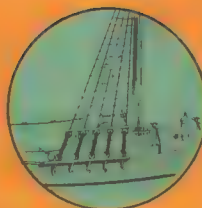

REVELL'S MISSISSIPPI RIVER BOAT

H-328 Robert E. Lee Steamboat \$1.98

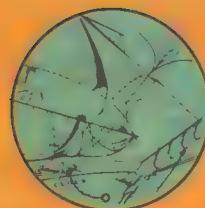

GREAT AMERICAN SIDE-WHEELER! The Robert E. Lee was a symbol of Southern gallantry and pride at the turn of the century. Revell's colorful 13 3/4" model has movable paddle wheels and rudder, booms, lifeboats, gangplank, wood and cotton on the deck.

HISTORIC SAILING SHIPS

Spectacular mantelpiece models anyone can assemble and display!

Rigging your model is easy with Revell's pre-assembled rope ladders, included in every kit!

Revell's contoured plastic sails are masterpieces of realism that actually seem to strain with the wind!

H-336 Santa Maria \$2.98

FLAGSHIP OF COLUMBUS' FLEET!

Columbus sailed to the New World on the Santa Maria. Revell's museum-perfect 11 1/4" model is complete with 5 contoured white plastic sails, full rigging, guns, water casks, ladders, anchors, pennants, shields, even a tiny lifeboat with oars, and figures of Columbus and crew. Cement included.

H-319 U.S. Frigate Constitution \$2.98

"OLD IRONSIDES!" Launched in 1797, the Constitution is still afloat today! Deluxe 16 1/4" model by Revell is meticulously authentic in each minute detail of the hull, decks, armaments, spars, long boats with oars, and companionways. Pre-assembled rope ladders, cement included.

H-344 Flying Cloud Clipper Ship \$2.98

ROMANTIC CLIPPER SHIP! Built to take supplies around the Horn during the California gold-rush, the Flying Cloud set a record from New York to San Francisco that has never been beaten by sail. Revell's 12" clipper is a master reproduction of the romantic original, features pre-assembled rope ladders and a full complement of 21 contoured plastic sails in furled and unfurled positions.

H-327 H.M.S. Bounty \$2.98

MUTINY ON THE BOUNTY!

Under the command of Wm. Bligh, the H.M.S. Bounty set sail for the South Pacific in 1787 on the fateful voyage which was to end history's most famous mutiny. Dramatic 14 3/8" model features preassembled rope ladders and precisely-scaled masts, gun carriages, launch, figure heads. 5 colorful figures and cement included.

H-347 U.S. Coast Guard Cutter Eagle \$2.98

CADET TRAINING SHIP! Molded in 3 colors, Revell's 13 3/4" Eagle model features movable yards, 19 contoured plastic sails, pre-assembled rope ladders, flag sheets, cement, and tiny details such as chains, coiled ropes, whale boats, life rafts, and ladders. Model is exactly scaled from the 3-masted sailing ship used to train today's Coast Guard cadets.

ARMY COMBAT COLLECTION!

Authentic Action Models That Make a Battle Layout Come Alive!

H-538 Russian T-34 Tank \$1.29

SOVIET BATTLE VETERAN! First used in World War II, this heavily armed tank helped to drive the attacking German army out of Russia. Revell's T-34 model is an authentic replica of the famous tank, with Russian markings and complete detail. Caterpillar track, machine gun and gun turret, tread wheels and hatches all move realistically on the model, which is accompanied by 5 life-like Russian soldiers. 6".

H-522 M-4 Sherman Tank \$1.49

U.S. ARMY ORDNANCE TANK! The M-4 Sherman was the principal medium tank used by the U.S. Army in all theatres during World War II. Revell's 7 1/4" model has movable suspension wheels and tracks, guns which can be elevated and revolved, 3 hatches with hinged covers, figures of commander and 5 G.I. foot soldiers.

H-524 M-20 Armored Combat Car 89¢

TURTLE-BACK TRANSPORT! The M-20 armored car combines the speed and maneuverability of an automobile with the punch and armored protection of a light tank. Model has movable ring-mounted anti-aircraft gun, movable wheels, rifles, land mines, 6 realistic G.I. figures. Length: 5"

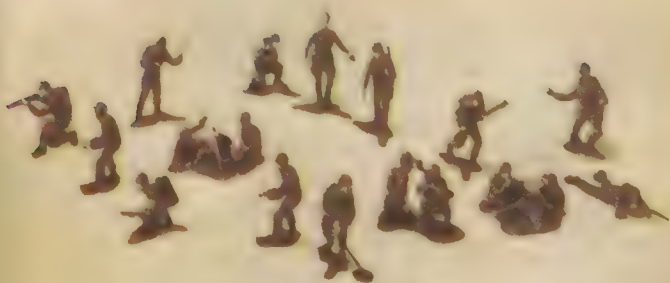

H-523 Long Tom Gun with Tractor \$1.98

BACKBONE OF WORLD WAR II BATTLES! "Long Tom" is the thundering long-range artillery gun that saw action on all World War II fighting fronts! The gun with its high-speed tractor and towing limber makes a 17" action model! Gun barrel swivels, pivots, has recoil action. Wheels and treads turn; split trail is movable. 5-man crew included.

H-525 Radio Jeep & Communications Trailer 79¢

FRONT-LINE CONTACT! This rugged communications jeep establishes radio liaison between spotters, fire direction centers and field command posts. Jeep model has two-way radio, pulls trailer carrying wire reels, pole, generator, instrument trunk and blanket roll. Windshield is adjustable—wheels on both vehicles move. 3 figures.

H-526 G.I. Battle Action Figure Set 98¢

FIGHTING G.I.'s! Lead soldiers are dead soldiers, compared to these rugged, remarkably life-like fighting figures. Designed to put realism in any battle scene, 36-piece kit includes bazooka squad, mortar and machine gun squads, plus action-posed officers and foot soldiers; with flame throwers, mine detectors and guns.

H-537 M-35 Military Truck \$1.29

RUGGED CARGO CARRIER! A versatile element in today's fast-moving Army, this 6x6 truck is an important addition to your combat collection. It's 6 7/8" long, with 7 G.I. figures, undercarriage detail, plastic windshield and windows, radio and 4 rifles. Wheels with flexible tires, railings, cab doors and cabinet doors all move!

AVAILABLE LATE FALL 1958

H-535 M-2 155 mm. Field Artillery Piece \$1.29

LONG-RANGE CANNON! One of the most famous weapons ever to see action, this U.S. Army artillery piece makes an authentic and colorful model. It's filled with such action features as recoiling gun barrel, 2-way aiming motion, moving rubber-tired wheels, and trails that spread and come together. Artillery crew included.

H-539 105 mm. Howitzer 79¢

ARTILLERY SUPPORT! The M2A2 105 mm. Howitzer has a range of over 7 miles and is used for direct and indirect fire against all types of targets. The barrel swivels, elevates and recoils on Revell's model—wheels turn and trails fold inward and lock for towing. 4 figures, bulwark base, shell boxes and separate shells complete the kit.

AVAILABLE LATE FALL 1958

H-536 18-Ton High Speed Tractor 98¢

VERSATILE MILITARY TRACTOR! This rugged equipment mover is engineered to climb a 60% slope, cross a 5' wide trench and ford through more than 40" of water! Authentic model has flexible moving caterpillar track, moving gear wheels, elevating ring-mounted gun, interior cab detail, realistic tarpaulin finish and crew.

H-540 Self-Propelled Gun 98¢

ANTI-TANK WEAPON! This M-56 gun was developed to provide mobile anti-tank support for airborne troops. Action features on the model include a hollow gun barrel that swivels, elevates and recoils, plus 10 wheels and two forward gears that move with the flexible track. Loading platform and hold-down bar also move. 4 figures.

AVAILABLE LATE FALL 1958
